

NIPPON

From Japan to the World, and to the Future

REINETSU

Nippon Reinetsu Company Limited

Port of Nagasaki

“Winning the trust and confidence of society through wholehearted commitment to what we do”

Nippon Reinetsu strives to create new value.

Ever since its establishment in Nagasaki in 1966, Nippon Reinetsu has served customers with wholehearted devotion, under the corporate motto, “Sincerity.”

In this rapidly changing, increasingly globalized age, corporate soundness is becoming ever more important. To keep pace with the changing times and social environment, Nippon Reinetsu is steadily reinforcing its corporate infrastructure, financial health and risk management, and is also engaging in creating an even better corporate culture. Upholding the idea that “people make companies,” all of our employees are committed to meeting customer needs speedily and flexibly to provide innovative products and services.

Our ongoing goal is to contribute to the growth of the local community and industry by creating new value in all areas of our business. To remain a company that enjoys the trust and confidence of society, we also make active efforts to maintain and improve our harmony with the local community.

I would like to deeply thank everyone who supports Nippon Reinetsu day in and day out, and look forward to your continued patronage and encouragement.

 Nippon Reinetsu Co., Ltd.

Hot/Cold Insulation and Heat Protection

No matter what type of compartment you need insulating, our thermal insulation services pursue quality, from planning to installation.

We carry out thermal insulation work selecting the best materials for each solution, employing our expertise, technology and extensive experience.

Plant Establishment

Experience and expertise are applied to all stages of plant installation, from careful planning to maintenance.

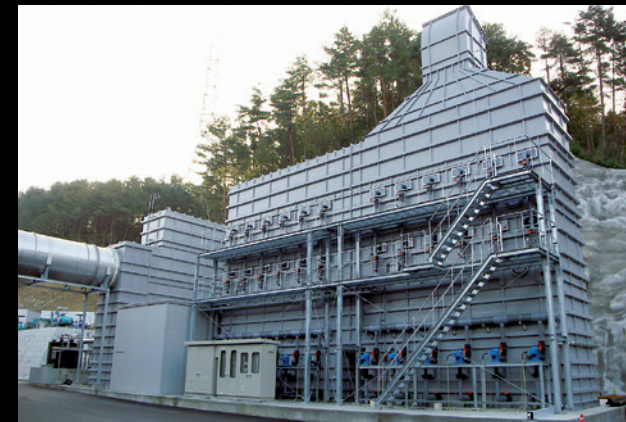

We seamlessly take care of all aspects of plant installation until your plant is up and running, and fulfilling its purpose smoothly.

Injection Molding

Our wide range of injection-molded products are gaining increasing attention for their high potentiality and many advantages.

We continuously work toward improving our ability to respond to needs flexibly and create excellent products.

Ironworking

Integrating the right “hardware” and “software” to create products that respond to needs.

We serve diverse requests by working tirelessly to improve technical capabilities, productivity, and quality.

Taking Our Proud Heritage to the **Next Era** Nippon Reinetsu's Eight Lines of Business

Air Conditioning and Sanitation

Technical expertise and rich know-how support all aspects of comfort.

We propose efficient and economical solutions suited to each purpose, responding accurately to customer needs.

House Fixtures and Remodeling

Customizing homes to make them safer, healthier and more beautiful for years to come.

We offer care-free, reliable services for realizing ideal living, from installing flush toilets to renovating the entire home.

Stone Work

Gentle, warm stone quietly witnesses the passage of time.

We apply our many years of experience and superior skills to fine stone materials, and continually deliver cordial services.

Marine Equipment

Serving as marine equipment expert and trustworthy partner.

Our services include planning, installation and maintenance of marine equipment, ranging from large-scale facilities to smaller devices.
